

E.S.F. Staff Magazine 2001 - 2002

"Perfection is our goal, excellence will be tolerated."-
J. Yahl

This edition of Reshuffle is the best yet, not just because of the superb layout and design but because of the range, variety and quality of contributions from ESF members. There are more articles about more aspects of the Foundation than in any other earlier issue, and we even have more pictures of staff.

Technology has helped, the use of word processors and digital cameras has meant that, as editor, I received a barrage of emails with attachments during last May and June, this is a wonderful indicator that the computer is no longer something special in its own right but just another tool at our disposal, congratulations to all contributors.

EDITOR

"Always remember that you're unique, just like everyone else." Anonymous

I hope you enjoy the offerings here and if you are wondering why your picture is not included or you are not mentioned in any of the articles then it's simple, it is because you probably did not send them in.

I also hope you have an enjoyable and productive year.

"God gave us two ends. One to sit on and one to think with. Success depends on which one you use; head you win - tails, you lose." Anonymous

ACKNOWLEDGEMENT

Thanks to all those who contributed. Unfortunately some of the sources have not been acknowledged as they are unknown or not contactable.

If readers are aware of any inadvertent copyright infringements then please let the editor know so that the correct recognition can be given.

"Help, Advice, Suggestions" for the improvement of future editions of Reshuffle are always welcome, please fax or email them to the editor at the JCSRC.
